

Product Data Sheet

HDS 601 C Eco (240v/110v)

Compact hot water pressure cleaner with steam function and servo control.

The HDS 601 C Eco is a compact, high performance hot water and steam pressure cleaner that combines innovative technology with outstanding customer benefits. Designed to provide exceptional cleaning power for a wide range of cleaning applications, the 601 features water flow and pressure control on the lance, a user-friendly single button control panel with LED indicators showing the status of machine functions, and internal fuel and detergent tanks within the chassis. With 110v power supply option for safe site and hire use.

Features and Benefits:

- Compact design makes transportation easy.
- Servo Control for instant adjustment of water flow and pressure at the gun.
- Flue gas temperature limiter switches off the drive motor if the flue gas exceeds 300°C.
- High-performance burner is automatically switched off when the supply of water is low, preventing overheating.
- Easy press trigger gun can be held and operated with minimum effort.
- Tools and accessories can be stored under the machine cover.
